

1st Kup Red Belt - (continued...)

Interpretation of pattern Choong-Moo

Choong-Moo, 30 movement pattern - was the name given to the Yi Dynasty Admiral Yi Sun-Sin. In AD1592, he was reputed to have invented the worlds first armoured battleship (Kobukson), which is said to be the precursor of today's submarine.

The reason the pattern ends with a left hand attack is to symbolise his regrettable death, having no chance to show his unrestrained potentiality checked by the forced reservation of his loyalty to the king.

Meaning of Black Belt:

Black belt is the opposite of white, signifying maturity and proficiency in Tae Kwon Do. Also indicates the wearers imperviousness to darkness and fear.
